

Contract Certified Health Coach (Bilingual – Spanish/English)

Location: Denver, CO (Hybrid / Virtual)

Compensation: \$30–\$45/hour (contract; based on experience and certification)

Status: Independent Contractor

About Whole Health Partners

Whole Health Partners is a nurse-led lifestyle medicine organization delivering evidence-based, community-embedded health education and coaching. We partner with non-profits, clinics, and community organizations to support whole-person health and sustainable behavior change.

Role Overview

We are seeking a Certified Health Coach who is bilingual in Spanish and English, with native or near-native Spanish fluency, to support participants enrolled in a 6-month lifestyle medicine series using Whole Health Partners' curriculum. This role focuses on relationship-based coaching, cultural responsiveness, and continuity of care in collaboration with nurse practitioners and other providers.

Key Responsibilities

- Coach alongside a five-session live lifestyle medicine class series (Spanish and/or bilingual)
- Provide ongoing participant support through secure text messaging and virtual coaching calls
- Communicate with nurse practitioners and other providers to support continuity of care
- Deliver coaching that is culturally responsive and linguistically appropriate
- Maintain documentation in accordance with program guidelines
- Maintain HIPAA compliance and patient confidentiality
- Perform other related duties as mutually agreed upon with the Contractor

Qualifications

Required:

- Current health coach certification
- Bilingual fluency in Spanish and English (native or near-native Spanish strongly preferred)
- Experience supporting adults with behavior change, lifestyle modification, or wellness
- Comfort working in virtual and community-based settings

Preferred:

- National Board for Health & Wellness Coaching (NBHWC) certification
- Experience working alongside clinical teams or in healthcare-adjacent roles
- Familiarity with lifestyle medicine principles
